United Nations Climate Change

FROM COP.28 TO COP.29

FROM COP28 TO COP29

BONN CLIMATE CONFERENCE (3-13 JUNE 2024)

4

COP28 UAE

“ Today’s **Global Stocktake** provides clear direction on how we can meet the expectations of the Paris Agreement by taking decisive action in this critical decade. To **keep 1.5°C within reach** we must act with “ambition and urgency” to reduce emissions by **43% by 2030**.

That is why the COP28 Presidency has put forward an ambitious action agenda centered around **fast-tracking** a just and well managed **energy transition** that leaves no one behind, **fixing climate finance**, focusing on **people lives and livelihoods**, and underpinning everything with full inclusivity.

”

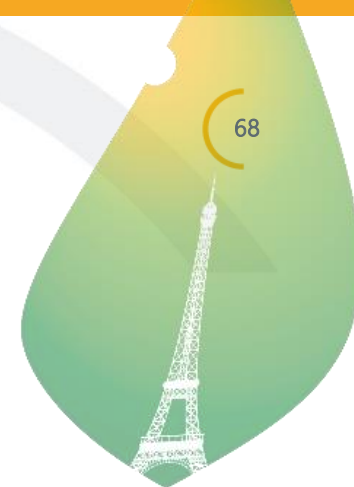

PARIS AMBITION MECHANISM

Paris Agreement | Decision 1/CP.21

Every 5 years:

Global stocktake

Update of NDCs: Progression over time,
reflecting the highest possible ambition

GLOBAL STOCKTAKE

Paris Agreement | Decision 1/CP.21

Every 5 years:

Global stocktake

Update of NDCs: Progression over time,
reflecting the highest possible ambition

Source: adapted from World Resources Institute

AREAS OF FOCUS

Mitigation

- Greatly **expand renewable energy** generation and **low-carbon hydrogen** production;
- transform **food and agriculture** systems;
- work with the **energy industry** to accelerate **decarbonization** and reduce methane emissions.

Adaptation

- **Protect the most vulnerable** communities and most critical systems from climate impacts, such as extreme weather and biodiversity loss;
- invest in **nature-based solutions**;
- expand adaptation **finance for the Global South**.

Finance

- Make climate finance more **affordable and accessible**;
- **expand private capital** directed toward climate solutions;
- answer the call from the international community for an inclusive **reform of the multilateral development banks and international financial institutions**.

Loss and Damage

- **Help the most vulnerable to rebuild** after climate-related disasters;
- operationalize the **loss-and-damage fund**.

United Nations
Climate Change

From COP.28 to COP.29

Some Key Topics

- Follow up on the **Global Stocktake**
 - domestic preparation of the next round of NDCs
 - negotiation mandates under Paris Agreement
- **New Collective Quantified Goal** (Climate Finance)
- Operationalisation of the fund & funding arrangements on **Loss and Damage**
- **Future of the UNFCCC** (AIM)
- Very likely: follow-up of the **Global Goal on Adaptation framework**
- Launch of the **Just Transition Work Programme**
- ...

CALENDAR

FROM COP28 TO COP29

BONN CLIMATE CONFERENCE (3-13 JUNE 2024)

BUT ALSO !

- “Brazil/Japan” Meeting (Jan/Feb)”
- Copenhagen Ministerial meeting (March)
- Petersberg Dialogue (May)
- MOCA - Ministerial meeting on Climate Action (tbd)
- MEF - Major Economies Forum (tbd)
- OECD CCXG & Global Forum
- G7 (Italy)
- G20 (Brazil)
- COP 29 Presidency consultations (tbd)

And

- Climate & Energy Diplomacy Council conclusions (Feb)

WPIEI CC CALENDER (DRAFT)

Day	January	February	March	April	May	June
